Summary

Passionate about cloud services and DevOps, I am a consultant with experience in Terraform, Azure services, Azure DevOps, and C#. I love developing and maintaining cloud infrastructure and am always eager to learn new technologies and tools. I'm seeking opportunities to work in a dynamic environment where I can apply my skills and grow professionally.

Experiences

Netcompany - NLP, Consultant — Ho Chi Minh City, Jan 2023 – present

- Designed Terraform modules for secure and efficient implementation processes. Reported bugs in Azure Portal for Microsoft.
- Developed and supported the management of resources in dozens of Azure Subscriptions and hundreds of Entra ID Applications.
- Migrated dozens of repositories from using AWS resources to using Azure resources, all in Javascript/Typescript codebases.
- Reviewed, supported, and wrote guides for Terraform development.
- Developed and refactored Azure DevOps pipeline templates.
- Developed tools to analyze hundreds of repositories in Azure DevOps.

Netcompany - Flexdanmark, Consultant — Ho Chi Minh City, June 2022 – Jan 2023

- Configured Keycloak for SSO - OIDC.
- Maintained and developed .NET Core services.
- Test performance and security of the system.

UIT (VNUHCM) - Competitive Programming Contest, System Operator — Ho Chi Minh City, Sept 2019 – Dec 2020

- Configured and maintained the system for the contest.
